

COMPASS® Controller The Brains of the system monitors every aspect of the compressor and engine.

COMPASS® Controller

Gauges and a LCD Graphic Display on the COMPASS[®] Controller indicate:

- discharge pressure,
- discharge temperature, •
- ambient air temperature,
- separator restriction.
- aftercooler air temperature and • louver activation if equiped, engine speed, •
- hours of operation,
- voltage,
- engine coolant temperature. •
- engine coolant level,
- fuel level, •
- fuel usage rate, •
- fuel pressure. •
- fuel temperature,
- percent engine load,
- engine air temperature, and
- •
- engine oil pressure.

Monitoring and Control System The user friendly Control Panel (housed in a weathertight enclosure) provides real time system information.

• compressor and engine status Indicator lights for:

- low fuel, ٠
- high compressor temperature,
- compressor shutdown and warning •
- engine shutdown and warning. • An engine diagnostic service port. displayed diagnostic messages and retriev-

able shutdown history includes all monitored system parameters at time of shutdown, high/low selector switch and a rocker-

type start switch are also provided, back lit swiches and gauges for night

use E-stop, and auto and remote start capa-

bility

Three Mounting Options

Highway towable tandem axle version includes electric brakes, mechanical park-

Rotary Screw Compressor by Sullair The pioneer in Rotary Screw Technology.

ing brake, restraining tow chains, E-Z lube axle system and tail lights. Four-wheel steerable mounting and less running gear on mounting rails are also available.

0 to 100% Capacity Control

Automatic inlet valve and unloaded startina.

Two-Stage Dry-Type Filters

Filters incorporate safety elements and are positioned to draw cool ambient air.

Complete Fluid Containment

Remote bulkhead drain valves for all fluids. Quick connect fuel couplings to easily fuel from a remote fuel tank.

Sullair AWF Compressor Fluid Improved hot and cold weather lubrication. Longer compressor fluid life. Extended airend warranty.

Low Emission Engine Technology

Complies with Tier 3 and Stage 3 emission legislation.

Air End Warranty 5 year or 10,000 hour warranty when continuously serviced at the recommended intervals with Sullair AWF Compressor Fluid and filters.

Durable Powder Coat Finish

Quiet Operation

Meets US EPA Sound requirements at 76dBA @ 7 meters.

This product is manufactured to the highest quality standards in an ISO 9001 certified quality system.

SULLAIR'S OPTIONS ALLOW YOU TO CUSTOMIZE THE COMPRESSOR TO MEET YOUR SPECIFIC REQUIREMENTS WITHOUT PAYING FOR ITEMS YOU DO NOT NEED.

Block heater Special color paint

Surge hydraulic brakes Parking brake (standard on tandem)

Aftercooler Filtration for instrument quality air
